

Episcopal Diocese of Ohio Lay Preacher Continuing Education Opportunities Summer/Fall 2026

(Updated 6.23.26)

As the Diocese of Ohio transitions from an annual renewal model to a three-year licensing cycle, we are excited to offer a broader and more flexible range of continuing education opportunities for currently licensed and previously Lay Preachers.

These offerings are designed to support a variety of learning styles, ministry contexts, and vocational goals. Some opportunities are ideal for preachers seeking deeper theological engagement or broader preaching ministry, while others are designed for those looking for practical tools, peer support, spiritual renewal, or flexible self-paced learning.

To maintain a Lay Preacher license, participants are expected to complete at least one approved continuing education opportunity every three years. Lay Preachers are welcome and encouraged to participate in as many offerings as they wish, though only one is required for renewal. Upon completion of a program, proof of successful participation must be submitted through the renewal application available on the [diocesan website](#). Additionally, all lay license holders must remain current in both *Safe Church* and *Every One Beloved* (anti-racism) training in order to continue serving.

Our hope is that these offerings will not only strengthen preaching skills, but also deepen confidence, sustainability, collaboration, and spiritual formation in those called to proclaim the Gospel.

For questions related to these options or lay licensure and renewal, please contact Russ Tripi, Canon for Leadership Development.

Sermon Roundtable (Episcopal Preaching Foundation)

Best suited for:

- Lay Preachers seeking community and collaboration
- Those discerning broader preaching & formation ministry
- Those interested in deeper engagement with scripture

Through the Episcopal Preaching Foundation, *Sermon Roundtable* supports parish clergy and lay preachers in their preaching while simultaneously creating opportunities for adult formation and pastoral connection within the parish. Participants are supported through peer connections and Preaching Mentors.

This **flexible 12-week program** takes place within one's own faith community. Each of the eight training modules includes independent preparation and a 90-minute group session. The final four weeks focus on sermon feedback, reflection, and discussion of upcoming lectionary readings.

This is the Diocese of Ohio's most recommended option because of its strong emphasis on formation within community. **Faith communities with multiple lay preachers or those without a clergy-in-charge will find this particularly valuable.**
